Johns Hopkins University
Baltimore, MD, USA

WORKSHOP VENUE

The meeting will be held at the **Trevi Fountain Conference Centre**. Housed in the monumental palace of the Pontifical Gregorian University, the conference centre is located in the very heart of Rome, a stone's throw from its namesake the Trevi Fountain and many other world-famous monuments.

MEETING OBJECTIVES

- To gather experts involved in the treatment of HIV and Hepatitis Co-infection in an interactive workshop setting
- To provide a platform for presentation and discussion of the latest developments in the field.
- To map all current studies and results
- To translate new data to treatment guidelines
- To educate clinicians on how to best implement current and new drugs

THE MEETING IS ENDORSED BY:

SIMIT
Società Italiana
di Malattie Infettive
e Tropicali

TARGET AUDIENCE

The target audience of the 9th International Workshop on HIV & Hepatitis Co-infection consists of clinicians involved in daily care for co-infected patients; researchers, PhD students and all those interested in the best treatment possibilities of co-infected patients.

ABSTRACT SUBMISSION

We invite you to submit abstracts for a poster presentation. Please visit the Virology Education website for abstract topics and submission guidelines. Accepted abstracts will be published in the journal *Reviews in Antiviral Therapy & Infectious Diseases*.

Abstract submission deadline: 29 March 2013
